

ILM Level 5 Diploma for Leaders and Managers

Qualification Reference: 603/1167/8

Course Offer

The aim is to provide learners working in an organisation with the leadership and management knowledge and skills required to progress in their career. It is ideal for professionals who manage teams or projects and are responsible for achieving operational or departmental goals and objectives.

By completing this qualification, you will develop your ability to lead, motivate and inspire to drive better results. Use core management techniques to provide practical leadership and operational management skills. Benchmark your managerial capability against other professionals and raise your profile within your organisation.

- The course is available through electronic learning.
- The average course is approximately 24 months; however, your own length of learning will be individually agreed.
- The maximum number of workplace visits will be one visit per calendar month.
